

## Essendon Fields talks with dealerships - Moonee Valley Leader 3/4/07

"Negotiations are very advanced with three dealerships [in Keilor Road]," he confirmed. "They should be open [at Essendon Fields] by this time next year."

However, he did not see this as a problem for Keilor Road businesses.

"There has been a lot of interest in the sites [there] for other uses. Our big focus is on offices and we'll only augur well for Keilor Road and the revitalisation of the northwest of Melbourne a viable business precinct.
